Thank you for your interest in Popes Plant Farm Succulents. Pope's is a family owned and operated farm with 2 growing locations in eastern Tennessee near Knoxville. We have been growing annual, perennials, and vegetables for over 40 years, and succulents for the last 10. We carry over 100 different succulent varieties and unique combo containers for every price point. New varieties and containers are added frequently.

At the core of our program is a huge selection of succulent varieties. 2", 3.5", and 6" succulents can all be ordered as assorted flats, or by specific variety if ordering off our **weekly availability**.

Our 2" plants come in trays of 32. We ship assorted flats with 8 each of 4 varieties. If you are ordering by specific varieties, you can order by full flat, or pick up to 4 varieties per flat. 3.5" and 6" plants come with a variety tag in each plant. 2" trays come with one tag stapled to the end of each row of 8.

Racks or Boxes

You can order your succulents shipped on a wooden display rack or in boxes on a pallet. The pricing is the same either way you ship. The difference is flexibility. Racks are ordered in units of 8 half shelves. You can order one rack or several, but each rack must ship full. With boxed orders, as long as you're above the minimum order, you can size the order to best fit your needs. All our items ship in a box, but only about 80% will ship on a rack.

We have separate order forms for Racks and Boxes. You can ship both a rack and some boxes, but it must be at least 6 boxes and the rack must still ship full.

Rack Shipping

- Easy to display
- POP included
- Great dollars per square foot in high traffic areas
- Choose a pre-set rack or create a custom one.
- Racks must ship full
- Choose 8 half shelves
- Some items cannot ship on a rack.

Box Shipping

- Boxes ship stacked on a pallet. We don't ship individual boxes.
- Anything can ship in a box.
- More flexibility in ordering.
- Lower quantity per item means a wider selection for the same price.
- Large items ship 1 or 2 per box

Ordering and Delivery

Availabilities

We send out availabilities every weekend. If you order by Thursday at 5pm Eastern, we ship the following Monday. Orders received after 5pm Thursday will not ship for 2 weeks. We only ship on Monday to make sure the product delivers before Saturday. Availabilities can also be found on our website www.popesplantfarm.com, under the wholesale section.

There is one order form for Boxed orders and another for Rack orders. The minimum for both is \$600, but racks must also ship full. Each rack has 4 shelves. Choose 8 half shelf options off the Rack Order Form to fill up 1 rack. There are over 100 different half shelf options to choose from.

Every week we also send out a Succulent Variety List. You can specify your succulent varieties off this list. We don't take advanced orders for individual varieties because the availability changes from week to week.

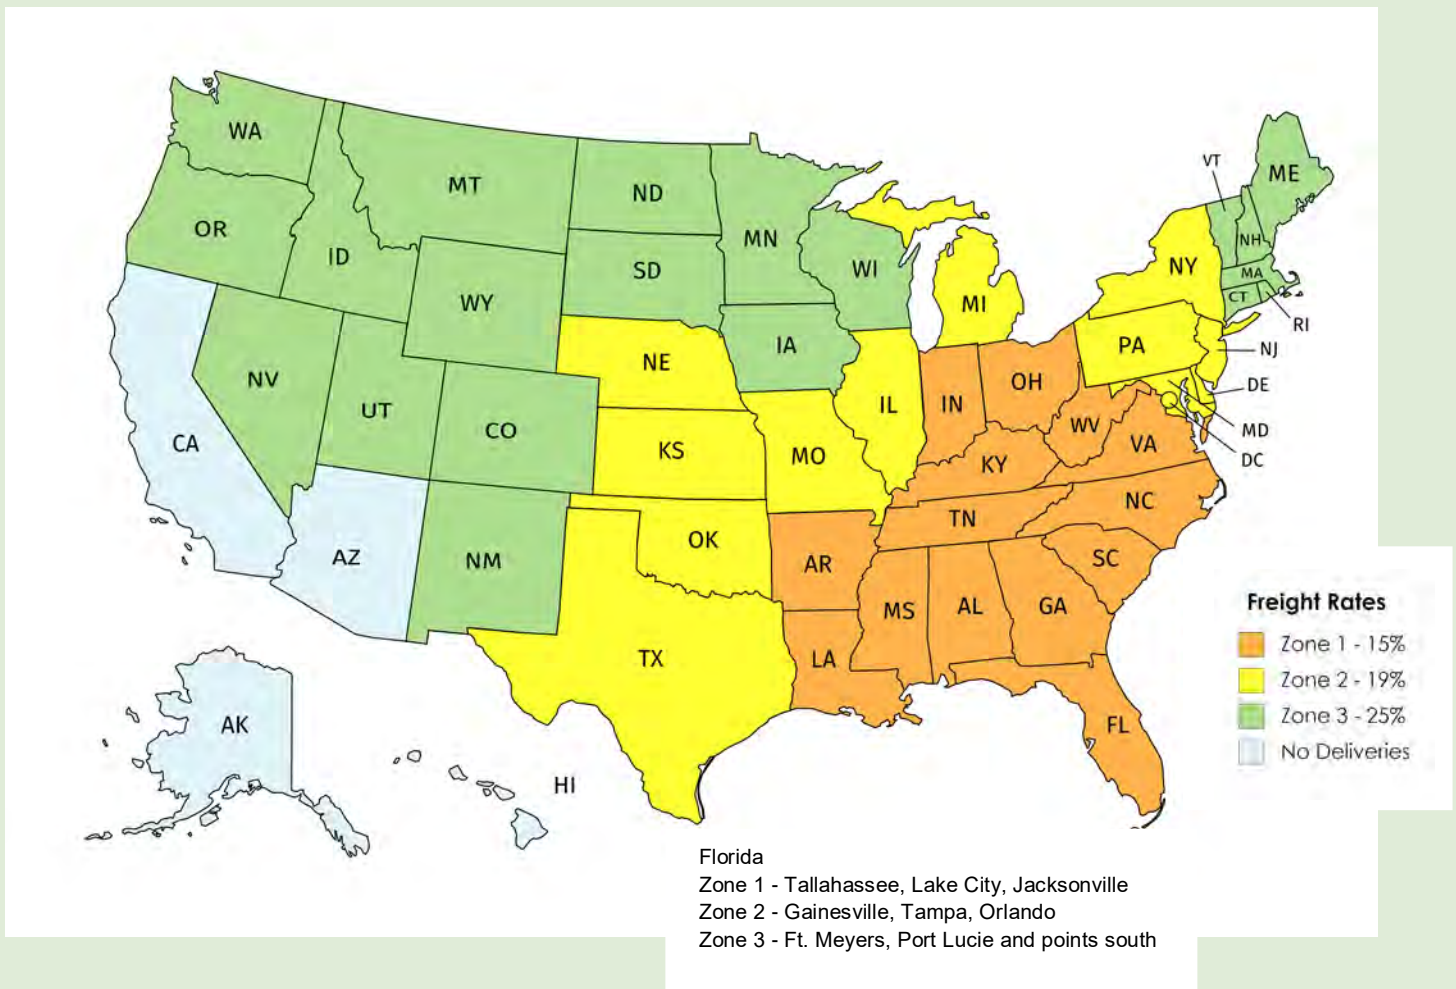

Shipping

We ship FedEx Freight. The freight charge is a percentage of your order as seen in the chart below. Freight is the same whether you ship on a rack or in boxes. Shipping to northern locations is limited by the weather during cold months. Customers must be able to accept a semi and have a forklift to unload at time of delivery.

Send orders to succulents@popesplantfarm.com or fax to (865) 982-7887.

For more information call our succulent office at (865) 977-6942.
